Themed Gardens

Al Barari's landscape boasts a large extent of land specifically dedicated to common areas, waterways, playgrounds and botanical gardens. There are 6 themed gardens, namely the Mediterranean, Balinese, Renaissance, Contemporary, Water, and Woodland Garden. Each has been meticulously planned and designed to represent one specific feel.

Mediterranean Garden

This themed garden is surrounded by Jasmine Leaf 2, 3, 7, and 8 and incorporates olive trees. A timber deck and pavilion sit harmoniously within the landscape facing an open body of water. The garden features an olive grove and has a true Mediterranean feel.

Woodland Garden

It is the largest of the themed gardens and features purposefully designed social spaces for residents. Trees are the major feature in the garden. It is located between Jasmine Leaf 5 and 6, and Desert Leaf 2.

Balinese Garden

The Balinese Garden represents a tropical wilderness setting and features Balinese pavilions, decks and timber structures as well as wind chimes and palm trees. It is located between Silk Leaf 2, 3, 5 and 6.

Contemporary Garden

The Contemporary Garden is defined by its hard and angular lines which form a stark and architectural element in the space while the water channel that flows through it forms the heart of the design. It is located between Jasmine Leaf 8, 9 and 10 and Silk Leaf 4.

Renaissance Garden

The Renaissance Garden incorporates the five basic elements of water, fire, earth, metal and wood, which are the fundamentals for historic landscape philosophy.

It is located between Desert Leaf 3, 4, 5 and 6.

The Lake

The Lake is located in the middle of Al Barari's community, between Silk Leaf 5 & 7, Jasmine Leaf 6 and Desert Leaf 5 & 6.

Surrounded by spacious wooden decks, viewing platforms and lawn areas where you can relax, read, or just quietly contemplate and watch the many fish, birds and ducks as well as listen to the sounds of the fountains.

All our waterways in Al Barari gather together to form the Lake. It measures 110 meters in length and width at its widest. The Lake covers 8,000 sq m (86,111 sq ft).
